I. Purpose: The purpose of this policy is to define the vehicle operations, parking policies and violations of this policy on ACHE property.

II. Policy: Vehicle use on the Arkansas Colleges of Health Education (ACHE) property encompasses the need for policies that help protect the safety and welfare of all persons. Persons using vehicles, or pedestrians walking on the campus, need to be aware of these policies and other factors that affect safety. The following policies state the regulations for campus vehicle use and parking for all students and employees. This policy is promulgated in accordance A.C.A. § 12-20-301.

III. Registration of Vehicles:

- All vehicles used by students and employees on campus property must be registered with the Office of Police and Security.
- When vehicles are registered, students purchase a parking decal for \$50.00 per academic year. The decal must be displayed on the front window, lower corner of the driver's side. The decal must be in plain view from the street, and readable. A decal placed on a motorcycle must be placed on an easily located and accessible area of the motorcycle. Lost or unreadable decals must be replaced at the registrant's own expense in order that you may receive a replacement decal. Replacement decals are \$10.00, and may be obtained in the Office of Police and Security.

- Failure to purchase and properly display a decal may result in a fine.
- The following information is required when registering a vehicle for a decal:
 - Student/Employee Name, Vehicle manufacturer, Vehicle Model, Vehicle Year, Vehicle Color, License Plate Number, License Plate State.
- Enrolled students parking registration is automatically renewed annually.
- Employees' vehicle registration is valid for the duration of employment.
- The name appearing on the registration form is held responsible for all non-moving violations.
- Special or temporary parking tags are available in the Office of Police and Security to those persons who need to use another vehicle, temporarily. There is no charge for these permits.
- A "Failure to Register Vehicle" fine may be issued to any student or employee who fails to provide all required registration information.
- A "Failure to Transfer Registration" fine may be issued to any student or employee who fails to transfer registration in the following circumstances:
 - Ownership of the vehicle changes.
 - Vehicle registrant changes status (e.g., resident to commuter, etc.)
 - Vehicle registrant is not eligible for privileges
 - Any information on the registration form changes
- If driving a different vehicle on campus temporarily (e.g., if his/her vehicle is being repaired, and he/she is driving a parent's vehicle), the student or employee must obtain a "Temporary Parking Permit" (free of charge) from the Office of Police and Security. Failure to do so may result in a fine.

IV. Bicycle Policy:

VIII. Towing Policy:

The decision to tow a vehicle is not taken lightly. The ACHE Office of Police and Security will make every effort to contact the owner/operator of a vehicle in an attempt to get a vehicle moved prior to towing. There are, however, certain circumstances when towing will be justified without prior notice.

ACHE reserves the right to tow any vehicle parked in violation of any of the college's parking rules or state statute at the expense of the vehicle owner or registrant.

Common Definitions:

- a. Abandoned/Derelict vehicles – A vehicle is considered abandoned if it is not registered with a valid campus parking permit, is inoperative or partially dismantled, or if it is parked on college property for more than one week without authorization.

- b. ADA Designated space – spaces designated per specifications of the Americans with Disabilities Act (ADA). ADA designated spaces are also sometimes referred to as “Handicap” parking. To use these spaces requires the clear display of a valid ADA placard or license plate.

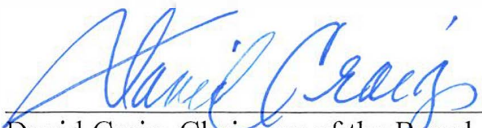

Policies/Procedure:

Vehicles may be towed for the following reasons:

- Parking on property not designated for vehicular traffic or in a "No Parking" area (parking lot driving lanes, traffic lanes, yellow or red curbs, fire-lanes, driveways, sidewalks, dumpster spaces, intersections, grass, lawns, loading zone, etc.)
- Parking in handicapped spaces without proper ADA identification. Proper registration paperwork must accompany all vehicles displaying ADA hangtags, placards, or license plates and occupying an ADA space.
- Parked in reserved spaces, visitor/guest parking, or parking lots without authorization from the Office of Police and Security. This includes all temporary signage.
- Parked in a way that obstructs pedestrian traffic or creates a hazard to pedestrians (e.g., blocking a crosswalk, blocking a sidewalk, etc.)
- Parked blocking a driveway or obstructing an exit or entrance.
- Parked in a way causing a hazard to vehicles driving through, entering, or exiting a parking lot.
- Parked in fire lanes, red curbs, yellow curbs, or blocking access to a fire hydrant.
- Vehicles parked in areas or lots restricted to ACHE vehicles or authorized vehicles only.
- Any vehicle creating a dangerous condition or hazard.

Arkansas Colleges of Health Education is not responsible for damages to a vehicle resulting from towing or storage.

All costs associated with towing/storing a vehicle rests with the owner and/or registered operator of towed vehicle.
